What Is Business Analysis?

# Khadijah Adam Rogo

MSc Bioinformatics Student| Aspiring Bioinformatician |Passionate about Computational Biology and Data science

Raipur, Chhattisgarh, India

## Summary

As a former Data Science Intern at Cognifyz Technologies, contributed to data analysis by collecting, cleaning, and analyzing complex datasets to support data-driven decision-making. Gained practical experience in data science methodologies and tools within an innovative startup environment. With a Bachelor's degree in Biochemistry from Northwest University Kano and ongoing Master's studies in Bioinformatics at Kalinga University, brings a unique blend of scientific and technical expertise. Motivated to apply skills in computational biology, Microsoft Azure, and deep learning to create impactful solutions in the bioinformatics domain.

## Experience

### Cognifyz Technologies

Internship Trainee

January 2025 - May 2025 (5 months)

Nagpur, Maharashtra, India

- Analyzed complex datasets to derive actionable insights for data-driven decision-making.
- Collected and cleaned data to ensure accuracy and reliability for analysis.
- Assisted in developing innovative solutions that contributed to the organization's success.
- Gained hands-on experience in data science methodologies and tools at a dynamic startup.

### Ford Foundation

Intern

April 2024 - October 2024 (7 months)

Abuja, Federal Capital Territory, Nigeria

- Advocated for the use of digital technology to combat violence against women and girls in secondary schools.
- Reported critical information regarding violence to relevant stakeholders, enhancing community awareness.

- Empowered marginalized communities, particularly women and widows, through targeted support initiatives.
- Collaborated with NWTF to promote social justice and community empowerment in Abuja, Nigeria.

**KSIR pediatric Hospital Kano**  
**Laboratory Assistant**  
April 2021 - May 2022 (1 year 2 months)  
Kano State, Nigeria

Conducted various laboratory tests with accuracy and timeliness  
Maintained laboratory equipment to ensure smooth operations  
Assisted healthcare professionals in diagnosing and treating patients  
Contributed to the overall healthcare process  
Made a positive impact in people's lives through my role as a hospital laboratory assistant
